

bio productions

Tried, Tested, Trusted

***Effective, high-quality, safe cleaning products
for professional, janitorial and industrial use***

Our company

Bio-Productions is an award-winning family-run company based in West Sussex and serving customers throughout the UK, Europe and worldwide. Founded by Mike James and his wife Anne in 1984, Bio-Productions operates from its purpose-built offices, laboratory and warehouse in Burgess Hill, West Sussex.

The Bio-Productions team is enthusiastic, knowledgeable and extremely responsive to our customers' needs.

We are renowned for our environmental ethos, which underpins everything we do. This includes a rigorous testing programme to ensure products minimise their impact on the environment and are proven to work as effectively as, or better than, conventional chemicals.

We have won multiple "Green Apple" awards for Environmental Best Practice, in recognition of our efforts to reduce the impact of cleaning chemicals in the environment. We are proud to be certified to ISO 14001 (environmental management) and ISO 9001 (Quality management systems).

Our products

Bio-Productions have been industry innovators since 1986, developing the first user-friendly, safe-to-use, enzyme-based drain unblocker for the domestic market. We then turned our focus to the commercial and industrial cleaning sectors, where there was a dearth of environmentally-friendly, low-impact cleaning products available.

Since then, "green" cleaning products have become more and more effective: we are proud of our place in driving this awareness and creating many of the most popular products in the industry today.

Bio-Productions acquired a leading manufacturer of professional carpet and upholstery cleaning products in 2000 and a range of professional, environmentally sympathetic floor treatments and finishes in 2008. Both brand-leading ranges have been integrated into the Bio-Productions family of advanced cleaning and maintenance products for the professional.

Tried, Tested Trusted

Tried

Our award-winning products are stocked by all major distributors in the UK and used by leading manufacturers and suppliers to the janitorial and industrial sectors. We have a thriving international customer base and are able to offer flexible deliveries and manufacturing volumes to suit your needs.

Tested

Our products are rigorously tested in our in-house laboratory for effectiveness and compliance to all EC regulations. Our products are non-toxic, low-impact and regularly outperform synthetic chemical cleaning products. We are committed to creating high-quality products that work for you and your customers.

Trusted

As well as our well-known branded ranges, we have a highly successful in-house own label service, which is used by leading manufacturers and distributors throughout the UK and Europe to supply our products as part of their own branded ranges.

Biological

1

Powerful and safe cleaning

Our biological cleaning and maintenance products are designed to solve specific problems, many of which cannot be addressed by conventional cleaning chemicals. By blending harmless strains of naturally occurring bacteria with powerful enzymes, our biological products are efficient, effective and safe to use. Our products have a good shelf-life, and are activated for use by simply diluting with cool or warm water.

Citrus

5

Our uniquely versatile and powerful Citra Clean range

Created from the natural solvent present in the peel of citrus fruits, our innovative Citra Clean range is based on surfactant technology which produces a range of water-based cleaners with highly versatile uses. Citra Clean provides a naturally powerful and effective alternative to more aggressive chemical cleaners with extreme pH levels.

Carpets

7

Maximising cleaning efficiency

This quality range of professional carpet, fabric and upholstery cleaners provides flexible and easy to use solutions from well-proven formulations to deliver exceptional results. Our products combine environmentally sympathetic components to minimise any impact on operatives and clients from cleaning residues. The range includes spot and universal cleaners, stain repellents, renovation treatments and insecticides, providing a complete cleaning and maintenance package.

Floorcare

11

Maximum cleaning efficiency and floorcare maintenance

This professional range of well-proven floorcare products includes strippers, sealers, polishes and maintainers to provide a comprehensive range that gives exceptional results.

We have carefully created a range based on less environmentally harmful components to help safeguard the wellbeing of operatives and clients by avoiding exposure to solvents or aggressive chemicals.

Healthcare

15

Safe and effective cleaning and disinfecting

Our brand-leading range of trusted healthcare products provides a fast and effective solution to body spillages, preventing the spread of odours and bacteria.

Ideal for emergency situations where spillages of blood, vomit, urine, faeces, food and drink have occurred, such as in police vehicles, taxi cabs, ferries, buses, hospitals, care homes, clinics, schools, public buildings and offices.

Housekeeping

17

Fresh and fragrant cleaning

Our economical housekeeping range delivers efficient and effective cleaning and maintenance for front-of-house areas, offices and classrooms.

Subtly fragranced for that “just cleaned” ambiance, they include our versatile universal cleaner, Xola Clean; our innovative Glass and Stainless Steel cleaner; spray-on, wipe-off cleaner-polishes; and a range of biocidal cleaners certified to EN1276, EN13727 & 13697 standards.

Kitchen

21

Powerful cleaning and sanitising

An effective range of professional cleaning and sanitising products for the provision of a clean, hygienic and safe work area.

Our catering products include sanitisers tested to EN1276, EN13727 & EN13697 standards, concentrated cleaners for heavy greasy soiling; grill and oven cleaners; washing-up liquids; crockery & glassware maintainers; powdered formulations; ready to use spray & wipe packs, and general multi-purpose cleaners.

Laundry

25

Powerful cleaning and sanitising

A range of cost-effective laundry products for both professional and semi-domestic applications.

Our detergents provide excellent results on even the most severely soiled fabrics, such as Chef's whites and sportswear. Ideal for hotels, care homes and institutional use where hygiene and appearance matters.

Washroom

27

Powerful and safe cleaning

This versatile range of powerful cleaners and sanitising washroom products has been developed to provide safe, cost-effective solutions to washroom problems and to enhance the washroom experience.

Complemented by our special biological range of problem-solving products, washroom cleaning and deodorising becomes easier and more effective.

Biological

Our biological cleaning and maintenance products are designed to solve specific problems, many of which cannot be addressed by conventional cleaning chemicals. By blending harmless strains of naturally occurring bacteria with powerful enzymes, our biological products are efficient, effective and safe to use. Our products have a good shelf-life, and are activated for use by simply diluting with cool or warm water.

Our biological products do not contain carcinogenic, toxic or other harmful or dangerous chemicals. This makes them particularly suitable for use in schools and public buildings such as hotels, pubs, clubs and restaurants, as well as hospitals and institutions where care should be taken to protect people and the environment.

Our biological products include the industry leading Bio Blocks and Blu Away for clean, odour-free and efficient washrooms, the Royal Flush range for portable toilets and washrooms, the powerful Micro Clean treatment for organic soiling in carpets, concrete and wooden flooring, and a variety of drainage and waste system treatments.

Our new urinal fitting, the Bio P, is an easy-fit dome which fits over our urinal blocks to enhance the urinal appearance, while still delivering the same protection against blockages and foul odours that Bio Block is known for.

Bio Blocks

Our well-proven urinal 'Toss Blocks' contain special bacterial cultures which clean and deodorise urinal traps and pipes, while saving water.

Code: BB

Sizes: Tubs of 1.1kg

Urinal Screen & Block

Our proven Bio Block in a larger 88g size with a plastic screen to prevent splashback and blockages.

Code: USB

Sizes: Box of 12

Blu Away Biological Washroom Cleaner

Specially formulated to clean and maintain odour-free washrooms. Eradicates organic staining and odour problems from all washroom surfaces. For best results use with our Bio Blocks to maintain odour-free washrooms.

Code: BA

Sizes: 750ml, 1L & 5L

Bio Clear

For grease-traps and fat-filled drain lines. Effectively degrades the fatty waste discharged into pipes, sewers and greasetraps. Ideal for catering & food processing units.

Code: BC

Sizes: 5L & 20L

Bio Dose

A cost-effective biological treatment fluid. Keeps your waste system working efficiently by quickly degrading fatty waste and solids.

Code: BD

Sizes: 5L & 25L

Bio Mix

Our dry biological powder efficiently degrades greasy waste and solids. Ideal for food processing units, septic tanks & sewage systems.

Code: BM

Sizes: 500g & 2.5kg

Bestseller

Drain Solution

Powerful blend of enzymes and micro-organisms. Efficiently and safely reduces the sticky greasy waste evacuated into drainage systems.

Code: DS
Sizes: 1L & 5L

Bestseller

Micro Clean

Effective biological stain and odour eradicator. Ideal for carpets, upholstery, fabrics and flooring where body fluids and beverages have been absorbed.

Code: MC
Sizes: 1L & 5L

Royal Flush Toilet & Commode Fluid

Concentrated biodegradable blend of detergents, natural micro-organisms and enzymes. Quickly digests and liquefies solid waste, prevents odours. Ideal for portable toilets and commodes.

Code: RFTF
Sizes: 1L & 5L

Royal Flush Cistern Blocks

Water-softening and sequestering agents maintain a clean bowl. Bio cleaning power prevents build-up of solids. Works across all drainage systems and enhances septic tank efficiency.

Code: RFPB
Sizes: Tubs of 24

Bio P is our new, easy-fit universal water-saving device for urinals. Bio P conveniently fits into any urinal, even those that have been adapted to accept retro-fitting systems which have then been removed, leaving an open hole.

Bio P is specifically designed to work with our popular biological urinal Bio Block, which cleans and deodorises the urinal trap while also preventing the build-up of scale and solids.

By reducing the flushing frequency to three times in 24 hours, Bio P enables urinals to be maintained in optimum condition, and delivers significant water savings.

Use Bio P and Bio Blocks in conjunction with Blu Away to maintain an odour-free, efficient and cost-effective washroom environment.

Code: BIO-P30 (30 Day Blue Block) & BIO-P90 (90 Day Green Block)
Sizes: Tubs of 25 Units

The Citra Clean Collection

Created from the natural solvent present in the peel of citrus fruits, our innovative Citra Clean range is based on surfactant technology which produces a range of water-based cleaners with highly versatile uses. Citra Clean provides a naturally powerful and effective alternative to more aggressive chemical cleaners with extreme pH levels.

The Citra Clean range includes our most popular and economical product, Citra Clean Concentrate, one of the most powerful and versatile cleaners available, which can be used successfully for all types of janitorial cleaning and most industrial applications.

Other popular products include our all-purpose Orange Squirt, a ready-to-use spray-on, wipe-off multi-use cleaner/degreaser, and a variety of industrial-strength products for heavy-duty cleaning, including Citra Clean EX, Citra Clean HD and Citra Clean HP.

Citra Clean HP

High-powered cleaning with a higher pH for heavy-duty industrial cleaning tasks. Removes tar, oil, grease and bitumen easily.

Code: CCHP

Sizes: 5L & 25L

Citra Clean HD

Dislodges carbonaceous soiling, aged oil and grease from plant and machinery where hot water or power are not available.

Code: CCHD

Sizes: 5L & 25L

Brand Leader

Citra Clean Concentrate

Our most powerful and versatile cleaner. Provides impressive results when used to remove janitorial and most industrial soiling, on all types of surfaces and most textiles.

Use undiluted to remove chewing gum, tar, grease, ink, adhesive, sealant, polish, wax and graffiti. Dilute (up to 200:1) to clean carpets and upholstery, worktops, floors and walls, oven griddles and BBQs. Safely removes grime and grease from industrial machinery, vehicles and work areas. Low-foaming, easily rinsed, biodegradable.

Code: CCC

Sizes: 5L, 20L & 205L

Bestseller

Orange Squirt

A powerful and high-performing cleaner and degreaser for all tough tasks including spot-cleaning on carpets and all types of hard surfaces.

As a spray-and-wipe cleaner, neutral pH Orange Squirt safely outperforms most products and is amazingly versatile. Supplied as a ready-to-use trigger spray, and can also be diluted. A natural and highly effective cleaner.

Code: OS

Sizes: 750ml & 5L

Bestseller

Citra Clean EX

Industrial strength cleaner for the removal of heavy soiling, tar & oil. Use as a degreaser on plant & machinery & in marine applications.

Code: CCEX

Sizes: 5L & 25L

Citra Clean Sump & Well Degreaser

Efficiently degrades the fatty solids on the surface of sumps and wet-wells. Prevents odours.

Code: PSD

Sizes: 5L, 25L

Citra Clean Degreaser

Naturally extracted orange solvent removes all types of tar, bitumen and adhesive.

Code: CCDG

Sizes: 5L & 25L

Carpets

This quality range of professional carpet, fabric and upholstery cleaners provides flexible and easy to use solutions from well-proven formulations to deliver exceptional results. Our products combine environmentally sympathetic components to minimise any impact on operatives and clients who may be exposed to cleaning residues. The range includes spot and universal cleaners, stain repellents, renovation treatments and insecticides, providing a complete cleaning and maintenance package.

For other fabric-protection products, please see Housekeeping.
For other floorcare products, please see Floorcare.

Pre-Cleaners: Enzyme Pre-Spray

Highly effective spot cleaner for protein-based stains eg: blood, vomit, dairy products, food & beverages.

Dilutes up to 100:1.

Code: ENZYME

Size: 3KG

Pre-Cleaners: Stain Remover (solvent)

One of the most versatile and effective stain removers available for carpets and upholstery fabrics.

Code: SR

Sizes: 750ml & 5L

Pre-Cleaners: Urine Stain Neutraliser

Effective pre-treatment of acid-based stains caused by bodily fluids prior to cleaning. pH neutral, no chemical reaction.

Code: USN

Sizes: 5L

Carpet Cleaning: Bactericidal Shampoo

Low foam carpet and fabric shampoo for extraction machines, rotary and bonnet buffing equipment.

Code: CLESAF

Sizes: 5L

Carpet Cleaning: Defoamer

Effectively and economically controls foam in recovery tanks when using extraction carpet cleaning equipment.

Code:DF

Sizes: 5L

Carpet Cleaning: Deluxe Commercial Powder

Powerful alkali carpet cleaner concentrate for heavy soiling. Ideal for portable and truck-mounted extraction systems.

Code: DELUXE

Sizes: 4KG & 10KG

Carpet Cleaning : Single Pass Carpet Cleaner

Unique carpet and upholstery cleaner quickly separates even the most severe soiling from fibres and helps prevent re-soiling by removing sticky chemical residues. Highly-effective.

Code: SP

Sizes: 5L

Carpet Cleaning : Hot Water Extraction Liquid

Highly concentrated & economical low foaming detergent for all professional portable and truck-mounted extraction machines. Dilutes to 100:1.

Code: HWL

Sizes: 5L

Carpet Cleaning : Traffic Lane Cleaner

Superb, highly concentrated cleaning solution for pre-spray treatment of heavily soiled carpets prior to machine cleaning.

Code: TLC

Sizes: 5L

Bestseller

Protective Carpet Care: Fabric Protector

Non-toxic, aqueous-based, fully polymerised fluorocarbon protection treatment providing soil and stain resistance for wet-cleanable carpets and fabrics.

When sprayed at 35-40 psi 5 litres of Fabric Protector will protect 300 square feet for medium pile carpets.

Code: STAPROT

Sizes: 5L

Protective Carpet Care: Insecticide

Effective, user-friendly, ready-to-use water-based HSE approved insecticide (no:9067) for use on carpets, upholstery, fabrics and hard surfaces.

SPACE TREATMENT: Apply 1 to 4 ml of product per cubic metre, as a fine mist.

Code: INSEC

Sizes: 5L & 1L trigger spray

Restorative Carpet Care: Fibre Bond

Special acidic fixative prevents colour migration when cleaning carpets, rugs, upholstery and fabrics.

Dilutes up to 100:1.

Code: FB

Sizes: 5L

bio productions

Floorcare

This professional range of well-proven floorcare products includes strippers, sealers, polishes and maintainers to provide a comprehensive range that gives exceptional results.

Bio-Productions has carefully created a floorcare range based on less environmentally harmful components. This helps safeguard the wellbeing of operatives and clients by avoiding exposure to solvents or aggressive chemicals.

For carpet care and cleaning products, please see Carpets.
For fabric products, please see Housekeeping.

Polish Strippers: Superstrip – Emulsion Floor Finish Remover

Removes even the heaviest build-up of floor finishes quickly and effectively. Low foaming with superb penetrating power.
Code: Y-AS19
Sizes: 5L

Polish Strippers: Strip Free Polymer Stripper

Removes polymer emulsion floor seals and heavily built-up and aged floor polishes. Low foaming.
Code: Y-AP264
Sizes: 5L

Floor Polish Strippers: SolaStrip Floor Finish Remover

Formulated to remove old emulsion finishes easily and efficiently from all types of flooring. Low foaming.
Code: Y-AP198
Sizes: 5L

Cleaners: Extrol Hard Surface Cleaner

Superb, concentrated neutral cleaner with a pleasant fragrance. Removes soiling from floors, walls and paintwork without leaving a residue.
Code: Y-AP150
Sizes: 5L

Cleaners: Monopro Stone Floor Cleaner

Thoroughly cleans and protects all stone floors. Low foaming. Enhances the colour and beauty of natural stone.
Code: Y-AS51
Sizes: 5L

Heavy Duty Cleaners: Complete Degreaser Xtra

A multi-purpose cleaner for rapid removal of oil, grease, animal fats and vegetable oils in garages, kitchens & canteens.
CODE: Y-AS53F
SIZES: 5L

Emulsion Polish: Sola II Floor Finish

A long-lasting, metallised emulsion floor dressing that provides a high gloss and durable finish. Not suitable for safety floors, unsealed wood and cork.

Code: Y-BP162
Sizes: 5L

Emulsion Polish: SuperSola Wetlook Floor Finish

Multi-polymer hybrid creates an easily maintained brilliant wet look gloss. Designed for floor machines operating between 1500-2500+ rpm.

Code: Y-BS17
Sizes: 5L

Polish: Superspray Gloss Builder

A spray-and-buff solution for use with ultra-high speed machines to clean and enhance a gloss finish.

Code: BS47
Sizes: 5L

Emulsion Polish: Xtra Emulsion Floor Polish

Provides a long-lasting bright gloss with excellent wet cleaning resistance. Suitable for machines operating between 500 – 2500rpm. Not for safety floors.

CODE: BS55 (Gloss) & BS59 (Satin)
SIZES: 5L

Maintainers: Solacare

High-quality floor cleaner, reviver and maintainer with good wearing resistance and an anti-slip finish.

Code: Y-AS4
Sizes: 5L

Maintainers: Supercare

Effective floor restorer and protector for immediate and long-term improvement of floor finish.

Code: Y-AS18
Sizes: 5L

Pre-Undercoat Seals: Superseal

Superb, very hard-wearing undercoat and primer renovates and enhances floor finishes.

Code: Y-CS39

Sizes: 5L

Total Floor Treatment - Hyflex

“Water-based all-in-one floor treatment, transforms floors into hard-wearing, easily maintained surfaces with exceptionally long wear-life. For terrazzo, stone, concrete, porous compositions, linoleum, vinyl and wood.

Code: Y-CS76

Sizes: 5L

Water-Based Seal: Wood Seal

A water based Polyurethane emulsion seal that produces a clear coating with a superb lustre without the hazards of solvent-based floor seals.

Code: Y-CS77

Sizes: 5L

Water-Based Seal: Stone Seal

A colourless fluoro-polymer that penetrates and seals internal and external surfaces to provide a non-slip protection against water, oil, soiling and staining.

Code: CS1000

Sizes: 5L

bio productions

Healthcare

Our brand-leading range of trusted healthcare products provides a fast and effective solution to body spillages, preventing the spread of odours and bacteria.

Ideal for emergency situations where spillages of blood, vomit, urine, faeces, food and drink have occurred, such as in police vehicles, taxi cabs, ferries, buses, hospitals, care homes, clinics, schools, public buildings and offices.

Clean-Up Kits

Our quick and easy solution for the removal of body spillages. Combining the absorption power of Sanitaire with the germicidal and odour-neutralising efficacy of Sta-kill, these handy packs contain non latex gloves, a scoop and a tough disposal bag.

Code: SANKIT

Sizes: BOX OF 6 KITS

Fem Guard Bin Deodoriser

A specially formulated deodoriser and germicide powder that liberates a powerful airborne disinfectant to destroy bacteria and sanitise receptacles containing soiled nappies, used dressings, and feminine hygiene products.

Code: XFEM

Sizes: 650g

Sanitaire Absorbent Powder

This absorbent powder is the market leading clean-up powder. Its subtle floral fragrance and germicidal action have been specially formulated for use in all emergency situations where body spills occur.

Code: SAN

Sizes: 12x6x40g Sachets, 10 x 240g pots and 1.5kg tubs

Sta-Kill Biocidal Cleaner & Deodoriser

Made with powerful non-oxidising biocides with proven efficacy against bacteria, fungi and algae. Tested to EN1276 & EN13727. Safe for all surfaces.

Code: SK

Sizes: 750ml & 5L

Housekeeping

Our economical range of housekeeping products delivers efficient and effective cleaning and maintenance for front-of-house areas, offices and classrooms.

These popular products are subtly fragranced for that “just cleaned” ambiance. They include our versatile universal cleaner, Xola Clean; our innovative Glass and Stainless Steel cleaner; spray-on, wipe-off cleaner-polishes; and a range of biocidal cleaners certified to EN1276, EN13727 & 13697 standards.

Multi-Surface Polish

Silicone-based spray polish with high-quality finish. Removes finger marks and surface dirt from furniture, tiles, marble, and most plastics.

Code: XSP

Sizes: 750ML & 5L

EN1276, EN13272 & EN13697

Perfumed Bactericidal Cleaner

Multi-purpose cleaner with sanitising agents and a fresh fragrance. Ideal for all public areas.

Code: XPBC5 (Conc) & XPBC750 (RTU)

Sizes: 5L (Conc) & 750ML (RTU)

Silicone-Free Polish

This non silicone spray polish offers a high-quality finish. Removes finger marks and surface dirt from furniture, tiles, marble, and most plastics. Contains Beeswax.

Code: SYN-P

Sizes: 750ml

Xola Clean All Purpose Cleaner

A powerful and versatile cleaner available in concentrated and ready-to-use versions. Effective on all hard surfaces.

Code: Y-AS7 (Conc) & Y-AS7SP (RTU)

Sizes: 5L (Conc) & 750ml (RTU)

Glass & Stainless Steel Cleaner

Provides a streak-free, anti-static finish on glass and plastic laminates; removes finger marks and grime from stainless steel. Subtly fragranced.

Code: XGMS

Sizes: 5L & 750ML

Graffiti Remover

Removes felt pen and ink-based graffiti on plastic and laminated surfaces without causing crazing or damage.

Code: XGRAF

Sizes: 750ML

Multi Purpose Cleaner (Non-Perfumed)

Effective cleaner for the removal of all types of soiling. Wipes away grease, finger-marks and scuffs from all surfaces.

CODE: XMPC5 (Conc) & XMP750 (RTU)

SIZES: 5L (Conc) & 750ml (RTU)

Multi Purpose Cleaner (Perfumed)

Effective perfumed cleaner removes all types of soiling. Wipes away grease, finger-marks and scuffs from all surfaces. Creates a pleasant "just cleaned" ambiance.

Code: XMPC5-PER (Conc) & XMPC750-PER (RTU)

Sizes: 5L (Conc) & 750ml (RTU)

Orange Cleaner

Powerful multi-purpose spray removes fats, oils, ink stains, scuffs and sticky finger marks from all hard surfaces.

Code: SYN-OC

Sizes: 750ML

Air Freshener Gels

A variety of long-lasting odour-counteracting fragrances and odour neutralisers to maintain a fresh, odour-free environment.

Code: ELLG (Citrus), ELLGF (Floral), ELLGM (Marine), ELLGP (Forest), ELLGO (Odour Neutral)

Sizes: Boxes of 12 Gels

Air Freshener Sprays

Instant relief and long-lasting freshness delivered from each economical trigger-spray pack. Available in a choice of fragrances.

Code: SYN-AFP (Peach) and SYN-AFSF (Summer Fruits)

Sizes: 750ml

Apple Tag Ups

Perfumed tag containing a subtle apple fragrance to freshen any confined area. Ideal in wardrobes, offices, toilet cubicles and vehicles.

Code: AT20

Sizes: Tubs of 20

Fabric Fresh

Fabric Fresh refreshes stale smelling fabrics, curtains and upholstery leaving a fresh odour-free ambiance. Ideal for clothing, smoky hotel rooms, stale conference areas and vehicles.

Code: FF

Sizes: 750ML

Kitchen

An effective range of cleaning and sanitising products for the provision of a clean, hygienic and safe work area.

Our professional catering products include sanitisers tested to EN1276, EN13727 & EN13697 standards; concentrated cleaners for the removal of heavy greasy soiling; grill and oven cleaners; washing-up liquids and crockery & glassware maintainers; powdered formulations; plus ready to use spray & wipe packs, and general multi-purpose cleaners.

For biological alternatives, please see our Biological range.
For laundry products, please see Laundry.

EN13704, EN14476, EN1040, EN13697, EN1276 & EN1650

EN1276, EN13697 & EN13727

Chlorine Sanitising Tablets

Possibly the most efficient method of delivering chlorine. Effective against all types of bacteria, moulds and fungi. Easily solubilised, very economical.

Code: XCST

Sizes: Tub of 200

Kitchen Sanitiser

Non-fragranced cleaner with active biocides in concentrated and ready-to-use varieties. Removes all types of soiling, sanitises food preparation and serving areas.

Code: XBD5 (Conc) & XBD750 (RTU)

Sizes: 5L (Conc) & 750 (RTU)

EN1276 & EN13727

Complete Degrease Xtra

Multi-purpose cleaner containing a higher percentage of water-soluble solvents. Rapidly removes oil, grease, animal fats and vegetable oils.

Code: Y-AS53K

Sizes: 5L

Fat Free Disinfectant Cleaner

Powerful cleaner-degreaser with biocides for contaminated soiling. Removes vegetable, animal and mineral oils, fats & greases.

Code: Y-DP118

Sizes: 5L

Heavy Duty Degreaser Powder

Powerful and economical formulation that breaks down and removes heavy grease, carbon and staining in food production areas and professional kitchens.

Code: XHDDK

Sizes: 10KG

Beerline Cleaner

Cleans and sanitises all beer lines and pump equipment. Removes yeast build-up within plastic and stainless fittings without tainting.

Code: XBPL

Sizes: 5L

Cream Cleaner

Non-aggressive abrasive cleaner for use on soiled surfaces in kitchens and washrooms, and where ingrained soiling is evident.

Code: XCM500

Sizes: 500ml

Crockery Destainer Powder

Highly effective tannin stain remover for the professional caterer. Removes stains and scale from crockery, cutlery, vending machines and tea urns.

Code: XSTR10

Sizes: 10kg

Grill & Oven Cleaner

Easy to use, spray-on cleaner for the toughest cleaning tasks in the grill, oven and BBQ. Non-fuming: safe to use in confined areas.

Code: XGOC

Sizes: 5L & 750ML

Descaler Liquid

Quickly removes limescale from shower-heads, kettles and boilers. A non-fuming, non-toxic formula ideal for use in confined areas.

Code: XDL

Sizes: 5L

Washing Up Liquid

Concentrated general-purpose washing-up liquid for highly effective cleaning of crockery, cutlery and streak-free glassware.

Code: XEWL

Sizes: 5L

Bestseller

Dishwash Liquid

Concentrated automatic dishwasher detergent for the professional caterer. Removes all types of food soiling from crockery, cutlery and stainless steel.

Code: Y-AP252

Sizes: 5L & 20L

Dishwash Rinse Aid

Aids rapid, streak-free drying in automatic dishwashing equipment. Use with our dishwasher detergents for optimum results.

Code: Y-AP256

Sizes: 5L & 20L

Glass Renovator

Safely removes bloom from glassware, leaving a clean, clear finish.

Code: Y-AP257-5/GR

Sizes: 5L

Dishwash Powder

Powerful non-taint, odourless dishwasher powder for the professional caterer. Removes grease, dried-on food and tannin stains.

Code: XDWP

Sizes: 5KG & 10KG

Glass Rinse Aid

Commercial grade rinse-aid suitable for use in all types of cabinet glass-washing equipment.

Code: Y-AP257

Sizes: 5L

Glass Wash

Highly concentrated detergent cleaner for all makes of glass washing equipment. Contains special sequestering agents to help prevent blooming.

Code: Y-AP251

Sizes: 5L

bio
productions

Laundry

A range of cost-effective laundry products for both professional and semi-domestic applications.

Our detergents provide excellent results on even on the most severely soiled fabrics, such as Chef's whites and sportswear. Ideal for hotels, care homes and institutional use where hygiene and appearance matters.

Please also see Kitchen for other laundry-friendly products.

Fabric Conditioner

Softens and reconditions fibres after laundering for faster ironing and less static and re-soiling.

Code: XFS (Lavender)

Sizes: 5L

Laundry Liquid - Bio

Fully built laundry liquid, containing protease enzymes that quickly degrade stubborn stains and soiling at lower temperatures.

Code: XLLBIO

Sizes: 5L

Laundry Powder - Bio

Containing protease enzymes that quickly degrade stubborn stains and soiling in a cool wash. Suitable for all machine types.

Code: XBIO

Sizes: 10KG

Laundry Liquid - Non Bio

Fully built laundry liquid, suitable for automatic dosing into commercial machines operating at lower temperatures.

Code: XLLNON

Sizes: 5L

Laundry Powder - Non Bio

Effective in all machines at all temperatures, this non-biological laundry powder does not contain perfumes. Perfect for sensitive skin.

Code: XNON

Sizes: 10KG

Powerful pre-soak powder removes stubborn stains and grime from bedding, towels, linen tableware, chef's whites and catering clothing.

Code: XDESTAIN

Sizes: 10KG

Washroom

This versatile range of powerful cleaners and sanitising washroom products has been developed to provide safe, cost-effective solutions to washroom problems and to enhance the washroom experience.

Complemented by our special biological range of problem-solving products, washroom cleaning and deodorising becomes easier and more effective.

For information about our best-selling Bio Blocks, our Bio-P urinal fitting and popular Blu Away biological washroom cleaner, please see our Biological range.

Urinal Blocks

The original and best non-pDCB urinal block for clean, odour-free urinal-traps and pipes.

Code: XUB3 (Yellow) or XUB3B (Blue)

Sizes: 3KG

Toilet Bowl Rim Hangers

Specially formulated toilet freshening & cleaning blocks. Slow-release fragrance and scale inhibitors. Foams, sanitises and cleans with every flush.

Code: XTBRH (Citrus, Marine, Pine, Floral or Assorted)

Royal Flush Cistern Blocks

Specially formulated toilet freshening and cleaning blocks with slow-release fragrance and scale inhibitors.

Code: RFBCB (Carded) & RF24 (Tub)

Sizes: Singles or Double blocks on cards or Tubs of 24

Clean Command

Powerful disinfectant cleaner containing broad spectrum bactericides. Cleans, disinfects and deodorises, eliminating odour at source. Helps prevent scale build-up. Fully biodegradable.

Code: DS44

Sizes: 5L

Scale Breaker

Highly effective floral fragranced sulphamic acid-based toilet descaler. Removes scale and stains from toilets and urinals. Kills odours.

Code: Y-DS43

Sizes: 1L & 5L

Toilet Cleaner & Descaler

Concentrated, pleasantly fragranced blend of heavy-duty non-fuming acids removes built-up calcium scale and soiling from all washroom sanitary ware.

Code: TCD

Sizes: 750ml

Total Washroom Cleaner

Ready-to-use, pleasantly fragranced dual-purpose washroom cleaner. Certified to EN1276, EN13727 and EN13697, effective against moulds, fungi and bacteria.

Code: XTWC5 (Conc) & XTWC750 (RTU)

Sizes: 5L (Conc) & 750ml (RTU)

Anti Bacterial Soap

Perfume-free bactericidal hand soap. Gently cleans while safeguarding against cross contamination without de-fatting the skin.

Code: XAB

Sizes: 5L

Luxury Hand Soap

Fragranced pearlised hand soap, made from natural vegetable oils and neutral surfactants. Powerful, yet gentle cleaning action. Fully biodegradable.

Code: Y-EP25

Sizes: 5L

Pink Liquid Soap

Economical hand soap with a pleasant fragrance. Ideally suited for all bulk-fill dispenser systems, retail and institutional applications.

Code: XLS

Sizes: 5L

Washroom Hand Soaps

Cost-effective, mild buttermilk hand soap in a 70g bar. Also available as a hotel guest soap in a 15g bar.

Code: BSB & HGS

Sizes: Boxes of 72 (70g)/Hotel Guest: Boxes of 144 (15g)

Washroom Sparkle

Our daily shower cleaner prevents the build-up of limescale and soap-scum, providing a smear-free sparkle without rinsing.

Code: WS

Sizes: 750ml
