

DISHWASH RINSE AID

Dishwasher Rinsing Aid Liquid

Our highly active, dishwasher rinse aid can be used in all types of automatic glass and dishwashing machines. Designed for the professional caterer, our specially formulated dishwashing rinse aid accelerates and aids streak free drying in automatic dishwashing equipment and eliminates water spotting. It provides sparkling streak free results on glassware, crockery and cutlery in both hard and soft water areas.

- For use in all types of automatic dishwash machines
- Suitable for both soft and hard water areas
- Provides sparkling, streak free results on glassware, cutlery and crockery
- Aids rapid drying in automatic dishwash machines
- Can be used in conjunction with Dishwasher Liquid

TECHNICAL

Only biodegradable surface active agents are used in this product, which are broken down into harmless materials by sewerage treatment and natural processes.

For best results, use in conjunction with Dishwash Liquid.

PACKAGING

Order Code: AP256-5

Pack Size: 2 x 5L

Order Code: AP256-20

Pack Size: 1 x 20L

DIRECTIONS

Dishwash Rinse Aid is ideally best dispensed into an automatic dishwashing or glass-washing machine through an electronic dispenser at a ratio of 1-2ml per litre, depending on amount of soiling and the hardness of the water, or in accordance with the dishwasher machine manufacturer's instructions.

STORAGE

For best results, store in the original container, in cool dry conditions away from direct sunlight.

Keep out of the reach of children.
