

# SUPERCARE MAINTAINER

## Heavy Duty Floor Maintainer

Heavy Duty Floor Maintainer is a simple system to improve standards of cleaning. A combination of high powered cleaning agents combined with specially prepared thermoplastic additives to ensure good protection and enhance the finish of Wet Look Floor Polish and Premium Heavy Duty Floor Polish. Supercare keeps floor at the optimum appearance by damp mopping, automatic machines or spray buffing systems, and because of its thermoplastic content, will not powder.

- Reduces the number of products used
- Reduces the hazards of misuse and confusion
- Restores levels of gloss quickly and easily
- Can be used as the only treatment on many floors
- Can be buffed with up to 2500rpm machine
- Up to 2 coats can be applied to enhance appearance
- Doesn't build up and never requires stripping

### APPLICATION

Supercare can be used as a maintainer on any pre-sealed or emulsion polished floors. It can be used neat on vinyl, linoleum, sealed wood and composition flooring, rubber, terrazzo, marble, glazed and unglazed ceramic and tiles.
